

**1. Identification of the Substance/Preparation:**

**Use:** Liquid plant fertilizer

**Product name:** FLORAMAX SILICA

**Company:** Floragarden Wholesale

**Address:** PO Box 173, Applecross WA, 6953, AUSTRALIA.

**Telephone Numbers:** (+61) 0411-297-030

**Emergency Telephone Numbers:** (+61) 0411-297-030

**2. Hazards identification**

**Non hazardous according to criteria of OSHA or NHOSC Australia, Non DG.**

**Toxicity Data:** Not available

**Swallowed:** Ingestion may cause nausea, vomiting, abdominal pain and diarrhea. May cause irritation of the throat, mouth and stomach.

**Eye:** May cause irritation in contact with eyes causing redness and lachrymation.

**Skin:** May cause irritation if not treated promptly.

**Inhaled:** Inhalation of mists may cause irritation to the mucous membrane and upper airways.

**3. Composition/information on ingredients**

Aqueous alkaline solution of potassium silicate for use as a plant fertilizer:

Common Name	CAS	Conc
Silica (SiO <sub>2</sub> ) as Potassium silicate	-	12% W/V
Water		to 100% W/V

**4. First-aid measures**

**Swallowed:** If poisoning occurs contact a doctor or poisons information centre. If swallowed, do not induce vomiting. Give a glass of water.

**Eye:** If this product comes in contact with eyes, hold open and wash with running water for at least 15 minutes. Ensure irrigation under eyelids by occasionally lifting them. Do not try to remove contact lenses unless trained. Seek medical attention.

**Skin:** If this product comes in contact with skin, wash thoroughly with water until skin no longer feels slippery. Remove contaminated clothing and footwear. Ensure contaminated clothing is thoroughly washed before using again.

**Inhaled:** If mists are inhaled, remove to fresh air.

**Advice to doctor:** Treat symptomatically. Note the nature of this product.

**5. Fire fighting measures**

**Fire / Explosion:** There is no explosion hazard from this material under normal circumstances.

**Flammability:** Not flammable.

**Extinguishing Media:** Use media suited to the burning material.

**6. Accidental release measures**

**Spills:** Prevent product from entering rivers, canals and other waterways. Wear full protective clothing including face mask, face shield and gauntlets. Stop leak if safe to do so and contain spill. Absorb into vermiculite or other absorbent material. Sweep up and shovel or collect recoverable product into labeled containers for recycling or salvage. Recycle containers wherever possible. After spills, wash area, prevent runoff from entering drains. If material enters drains, advise emergency services. Dispose only in compliance with local regulations. Slippery on floors, especially when wet. Launder all contaminated clothing before reuse. Neutralize contaminated area with weak or dilute acid solution.

**Materials to Avoid:** Corrodes metals such as aluminum, tin, lead and zinc and their alloys.

**Disposal (After treatment above):** Refer to waste management authority.

**7. Handling and storage**

Containers should be kept closed to minimize contamination. Keep from extreme heat, open flames and make sure the material does not come into contact with water or acids.

Do not store in aluminium or galvanised containers.

# SAFETY DATA SHEET

Issue 3

Issue date: 1 June 20

Page 2 of 3

**FLORAMAX SILICA**

## 8. Exposure controls/personal protection

Generally not a hazard when handled carefully and as instructed. However, as a precaution, especially if splashing of liquid is possible, suitable personal protective equipment appropriate to the task should be worn.

**Hand:** Use rubber or plastic gloves.

**Eyes:** Approved chemical safety goggles or face protection.

**Skin:** Wear protective overalls buttoned at the wrist and neck (or bib resistant to alkalis) and impervious footwear. Sleeves of jackets or shirts should be buttoned over the glove wrists; trousers should be worn with the bottoms of legs outside the boots - not tucked in.

**Respiration:** Personal protection is not normally required unless a risk assessment indicates the need for it.

Remove contaminated clothing promptly and discard or launder before rewearing. Inform laundry personnel of contaminants hazards. Do not smoke, eat or drink in work areas. Wash hands thoroughly after handling this material. Maintain good housekeeping.

## 9. Physical and chemical properties

Appearance: Clear, pale red water based liquid

Melting Point: No data. About 5oC

Boiling Point: About 105oC

Vapour Pressure: 17 mm of Hg @ 20oC

Specific Gravity: 1.15

Flashpoint: Not flammable

Flammability Limits: Not flammable

Solubility in Water: Soluble in all proportions

pH: 12 (Alkaline)

Corrosiveness: Corrodes aluminium, zinc, tin. Exothermic reaction with acids.

## 10. Stability and reactivity

Stable under normal conditions. Keep containers tightly capped at all times. Do not store in aluminium or galvanised containers.

## 11. Toxicological information

**Toxicity Data:** Not available

**Swallowed:** Data suggests that the product should be considered harmful by ingestion. May cause problems if treatment is not sought. Symptoms include nausea, vomiting, abdominal pain and diarrhea. May cause irritation of the throat, mouth and stomach.

**Eye:** This product is irritating to the eyes. It may cause severe pain, copious watering and redness. Effects may last long after exposure has ceased. Following severe exposure, permanent effects such as corneal damage or blindness can occur.

**Skin:** Data suggests that the product may be irritating to skin. May cause symptoms ranging from itching to redness and blisters if not treated promptly.

**Inhaled:** Data suggests that the product may be irritating and cause coughing and chest discomfort.

Primary route of exposure is inhalation and skin and eye contact.

## 12. Ecological information

Prevent product from entering rivers, canals and other waterways.

## 13. Disposal considerations

Observe local legislation.

## 14. Transport information

Not subject to ADR/DOT/IATA/IMDG codes.

## 15. Regulatory information

**Safety phrases:** S2 - Keep out of reach of children.

**Risk phrases:** Nil

**TSCA (U.S. Federal):** Not subject.

**CPSC (U.S. Federal):** Compliant.
