

◆ LRC-1 Smart Lifter Remote

The LRC-1 Smart Lifter Remote is designed to be used with the LLT-1 Smart Light Lifters. Its plug & play feature enables users to easily install and operate the light lifter(s) from a distance, and program the LLT-1 light lifters maximum and minimum range limits. Simple Up and Down manual operation is accomplished using two push-buttons on the LRC-1.

The LRC-1 Lifter Remote can also be connected with the Hydro-X Pro for advanced features such as lifter-group control and more.

LRC-1 Smart Lifter Remote

◆ Specifications

Power Input

Voltage	110-240 V, 50/60 Hz
Amperage	0.1A

Product Dimensions

Size	2.56" / 65 mm(L) x 5.52" / 140 mm(W) x 1.97" / 50 mm(H)
Weight	0.66 lbs / 0.3 kg

Package Content

ThinkGrow Smart Light Remote (LRC-1)	1 pc
ECS-9 Signal Cable	1 pc

Working Environments

Temperature	32-104° / 0-40°C
Humidity	≤90%

Packaging Dimensions and G.W.

Size	5.12" / 130mm(L) x 7.36" / 187mm(W) x 3.46" / 88mm(H)
Weight	1.33 lbs / 0.6 kg
